

# Introduction

Welcome to the **Fourth Global Sanskrit Conference** to be held at  
Bali, Indonesia  
14<sup>th</sup>-16<sup>th</sup> October 2025

The International Sanskrit Conference (Fourth Global Sanskrit Conference) on "The Relevance of Vedic Dharma and Indian Knowledge Systems in Addressing Contemporary Challenges" invites scholars, practitioners, and enthusiasts to explore the timeless wisdom of Indian traditions in the serene surroundings of the Bali Islands from 14th to 16th of October, 2025.

This conference serves as a platform to delve into the profound teachings of Vedic Dharma and Indian Knowledge Systems (IKS), showcasing their enduring relevance in resolving contemporary issues such as environmental degradation, mental health crises, ethical dilemmas, and the pursuit of sustainable living. Rooted in ancient texts like the Vedas, Upanishads, Puranas, Itihasas and enriched by disciplines such as Ayurveda, Yoga, and traditional sciences, these systems offer holistic frameworks for personal, societal, and ecological well-being.

The conference aims to bridge the gap between ancient wisdom and modern challenges by fostering interdisciplinary dialogues among experts in Sanskrit, philosophy, science, and social studies. Sessions will focus on themes like environmental ethics, global peace, governance, education, and integrative medicine, emphasizing practical applications of traditional knowledge.

Join us to celebrate the universality of Sanskrit and its profound contribution to global thought. Together, let us rediscover the potential of Indian Knowledge Systems to illuminate pathways to a harmonious and sustainable future. This event promises to be a confluence of ideas, traditions, and innovations—a step toward harmonizing ancient insights with modern aspirations.
